INDEPENDENT AUDITOR'S REPORT

To the Members of Chamber of Auditors of the Republic of Azerbaijan:

We have audited the accompanying financial statements of Chambers of Auditors of the Republic of Azerbaijan, which comprise the statement of financial position as at 31 December 2013 and the statement of financial performance, statement of changes in equity and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating to overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Company as of 31 December 2013, and of its financial performance and its cash flows for the year then ended in accordance with International Public Sector Accounting Standards.

Notes to the Financial Statements

1. Statement of Accounting Policies

Basis of Preparation

The Chamber of Auditors of the Republic of Azerbaijan's financial statements have been prepared in accordance with International Public Sector Accounting Standards. Where an International Public Sector Accounting Standard does not address a particular issue, the appropriate International Financial Reporting Standard/International Accounting Standards has been applied.

The preparation of financial statements in conformity with generally accepted accounting practices requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Although these estimates were based on management's best knowledge of current events and actions, accrual results ultimately may differ from those estimates.

The national currency of the Republic of Azerbaijan is the Manat.

For the purpose of presenting additional information in US dollars, all items in the financial statements have been translated into US dollars at the closing rate of official exchange ruling of CBAR at the statement of financial position date of December 31, 2013.

The financial statements are prepared in United States dollars (USD).

Measurement Base

The accounting principles recognised as appropriate for the measurement and reporting of the financial performance, cash flows, and financial position on an accrual basis using historical cost were followed in the preparation of the financial statements.

Accounting policies

The following specific accounting policies that materially affect the measurement of financial performance and the financial position are applied:

Revenue Recognition

Membership dues revenue

Chambers of Auditors of the Republic of Azerbaijan recognised membership dues on a calendar basis. Dues are payable by the member body on receipt of an invoice in March for each respective year. Membership dues revenue were reported net of any approved discounts. The sum of a membership dues of members of Chamber is differentiated depending on the organizational form of members of Chamber. Membership dues make:

- for local independent auditors – 3,545 USD or 2,783 AZN (2012- 3,546 USD or 2,783 AZN),
- for the local audit companies – 7,245 USD or 5,693 AZN (2012- 7,252 USD or 5,693 AZN),
- for the branches and representatives of foreign audit companies in Republic of Azerbaijan 29,005 USD or 22,770 AZN (2012- 29,006 USD or 22,770 AZN),
- for the foreign auditor companies and members of networks 14,645 USD or 11,500 AZN (2012 – 14,650 USD or 11,500 AZN) .

Chambers of Auditors of the Republic of Azerbaijan – Notes to the Financial statements

For the year ended December 31, 2013

Amount in US Dollars

Publications revenue

Revenue from sales of printed subscriptions were recognised when the publications were shipped.

Accounts Receivable

Accounts receivable were recorded at their estimated realisable value after providing for doubtful debts.

Employee Entitlements

Employee entitlements to salary, wages, annual leave, pension costs, and other benefits were recognised when they were accrued to employees. Annual leave has been calculated on an actual entitlement basis at current rates of pay.

Furthermore, Chamber of Auditors of the Republic of Azerbaijan pays into the Azerbaijan state social security fund an amount of 22% of each employee's wage. These amounts are expensed as they are accrued.

Property, plant and equipment

Property, plant and equipment

Items of property, plant and equipment are stated at their purchase price or production cost less accumulated depreciation and impairment losses. Production cost for self-constructed assets includes the cost of materials, direct labor and an appropriate proportion of production overheads.

Depreciation

Depreciation is provided on a straight line basis over periods related to the estimated useful economic lives of assets and depreciated from the date of acquisition or, in respect of internally constructed assets, from the time an asset is completed and ready for use. The assets are depreciated using the tax allowable depreciation rates. The depreciation rates used for the major categories of assets are within the following ranges:

- Buildings - 20 year or 7%
- Office equipment - 5 - 8 years or 25%
- Furniture and fittings - 10 year or 20%
- Vehicles - 10 year or 25%

Maintenance and repair expenses on buildings and equipment incurred on renewal or conservation are recognised as expenses in the period in which they were incurred. Major maintenance and repair expenses are recorded as deferred expenses or written off as part of the reserve for fixed assets repair.

For operational fixed assets, which are not used for operational purposes, a provision is created. At each balance sheet date this provision is revised for any movements.

Foreign currency

Transactions in foreign currencies translated to United States currency at the approximate rates of exchange at the date of the transaction. Assets and liabilities at the balance date, denominated in foreign currencies, translated at the rates of exchange prevailing at the date. The resulting gains or losses recognised in the statement of financial performance.

Taxation

Income tax on the profit or loss for the year comprises current tax. Income tax is recognized in the income statement except to the extent that it relates to items recognized directly to equity, in which case it is recognized in equity. The Chambers of Auditors of the Republic of Azerbaijan is simple taxpayer in accordance with the Tax Code section XVII of Azerbaijan Republic and tax rate is 4% of the revenue.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided using the balance sheet liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Temporary differences are not provided for in respect of the initial recognition of assets or liabilities that affect neither accounting nor taxable profit. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantially enacted at the balance sheet date.

A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the unused tax losses and credits can be utilized. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Financial Instruments

Chambers of Auditors of the Republic of Azerbaijan used non-derivative financial instruments as part of its normal operations. These financial instruments include bank accounts, certificates of deposit and accounts receivable.

Statement of Cash Flows

The following are definitions of the terms used in the statement of cash flows:

- (a) Cash comprise cash in hand, current bank balances and short-term deposits that can be converted to cash within two working days.
- (b) Operation activities include all transactions and other events that are not investing or financing activities.
- (c) Investing activities are those activities relating to the acquisition, holding, and disposal of fixed assets and investments. Investments can include securities not falling within the definition of cash.
- (d) Financing activities are those activities that result in changes to the size and composition of Chambers of Auditors of the Republic of Azerbaijan's capital structure. This includes both equity and debt not falling within the definition of cash.

Changes in accounting policies

There have been no changes in accounting policies in the current year.

12. Commitments

Social commitments

The Chamber of Auditors of the Republic of Azerbaijan makes contributions to a number of mandatory social programs. The Chambers of Auditors of the Republic of Azerbaijan's social assets as well as local social programs benefit the community at large and are not normally restricted to The Chamber of Auditors of the Republic of Azerbaijan's employees. The Chambers of Auditors of the Republic of Azerbaijan has transferred certain social operations and assets to local authorities. However, the management expects that the Chamber of Auditors of the Republic of Azerbaijan will continue to fund these social programs for the foreseeable future. These costs are recorded in the year they are incurred.

13. Contingent gains and losses

Insurance

The insurance industry in the Republic of Azerbaijan is in a developing state and many forms of insurance protection common in other parts of the world are not yet generally available. The Chamber of Auditors of the Republic of Azerbaijan does not have full coverage for its plant facilities, business interruption or third party liability in respect of property or environmental damage arising from accidents on the enterprise property or relating to enterprise operations. Until The Chamber of Auditors of the Republic of Azerbaijan obtains adequate insurance coverage, there is a risk that the loss or destruction of certain assets could have a material adverse effect on the Chamber of Auditors of the Republic of Azerbaijan's operations and financial position.

Taxation contingencies

The taxation system in the Republic of Azerbaijan is relatively new and is characterised. by numerous taxes and frequently changing legislation, which may be applied retroactively and is often unclear, contradictory, and subject to interpretation. Often, differing interpretations exist among numerous taxation authorities and jurisdictions. Taxes are subject to review and investigation by a number of authorities, which are enabled by law to impose severe fines, penalties and interest charges.

These facts may create tax risks in Azerbaijan substantially more significant than in other countries. Management believes that it has adequately provided for tax liabilities based on its interpretation of tax legislation. However, the relevant authorities may have differing interpretations and the effects could be significant.

16. Risk Management

Credit risk

The financial assets which potentially subject the Chamber of Auditors of the Republic of Azerbaijan to concentrations of credit risk consist of cash and accounts receivable. The Chamber of Auditors of the Republic of Azerbaijan's cash deposits are placed with reputable financial institutions.

Interest rate risk

A majority of the Chamber of Auditors of the Republic of Azerbaijan's loans bear fixed interest. Interest expense connected with these loans was not hedged. Management believes that changes in their fair value due to interest rates fluctuation are not material.

Fair value

The carrying amounts of cash and cash equivalents, receivables, prepayments, other current assets, payables and current borrowings approximate their fair value due to the short-term maturity of these instruments except for the provision for bad receivables and inventory discussed in Note 3 and 5 respectively. Fair values of long-term borrowings with fixed rates may vary from their carrying values.

17. Subsequent events

There have not been any material subsequent events after the reporting period.
